NASA JOBS SUPPORTED

There are 2 NASA federal employees and 19 contractors* in the state of Nebraska.

For every NASA civil servant job located in Nebraska, an additional 14** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA civil service employees, an additional \$6.6** million worth of output is sustained throughout the state economy.

⁽⁹⁾Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.
⁽⁴⁾Inditplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <u>https://blog.implan.com/understanding-implan-multipliers</u>
