NEW JERSEY

571

NASA JOBS SUPPORTED

There are 23 NASA federal employees and 309 contractors* in the state of New Jersey.

For every NASA civil servant job located in New Jersey, an additional 24** jobs are supported in the state economy. For every million dollars' worth of economic output generated by NASA civil service employees, an additional \$12.7** million worth of output is sustained throughout the state economy.

*Indirect effects are the purchases of goods and services by government agencies and private sector contractors, as well as by the industries that supply them.

**Multiplier based on IMPLAN Input Output (I-O) model. To learn more, please visit: <https://blog.implan.com/understanding-implan-multipliers>
