SUBJECT: Determination Regarding Attendance by NASA employees at the Maryland Space Business Roundtable (MSBR) STEM Gala on May 2, 2025

On May 2, 2025, the Maryland Space Business Roundtable (MSBR), a nonprofit organization under 501(c)(3) of the Internal Revenue Code, will host an annual dinner at the Bethesda Marriott, starting at 5:30 p.m. to 10:00 p.m. The guest speaker is Dr. Elizabeth “Zibi” Turtle, of Johns Hopkins University’s Applied Physics Laboratory. The MSBR will also be presenting awards: STEM Star to an individual who makes impactful contributions to the STEM community with their time and/or financial contributions; Constellation Award to a MSBR member organization who makes impactful contribution to MSBR STEM community with their time or financial contributions; or for initiatives that grow the future of a robust space community.

Approximately 200 people have been invited to attend. Attendees will have a diversity of views or interests and will include representatives from the legislative branch, state and local government officials, representatives from industry, employees of Federal agencies, academia, media and members of the public. The estimated cost of the event, including all food and beverages, is \$85 per person. MSBR is in control of the organizing, planning and invitations for this event. Attendance at this event will allow NASA attendees to exchange information regarding various NASA programs. I find that the event meets the requirements of a “widely attended gathering” as defined in 5 C.F.R. § 2635.204(g)(2).

I further determine that there is an Agency interest in having NASA personnel attend the event because it will provide an opportunity for the invited persons to exchange ideas and views pertaining to NASA’s policies, programs and operations. NASA employees, who do not have a significant role in a matter affecting the interests of the sponsor may accept an invitation for free attendance to the event. In those circumstances, I find that the Agency’s interest in attendance outweighs any concern that the individual may be, or may appear to be, improperly influenced in the performance of their duties.

However, NASA employees who have a significant role in any pending matter affecting the interests of the MSBR, such as procurement duties, program management, or negotiating or administering a Space Act Agreement, should seek a separate determination from their local ethics counselor as to whether they may accept the invitation.

There will be fundraising in the form of a silent auction and a raffle the evening of the event. NASA attendees are reminded that participation in these fundraising events is strictly personal and voluntary.
