SUBJECT: Determination Regarding Attendance by NASA employees at the Maryland Space Business Roundtable (MSBR) Reception on September 8, 2025

On September 8, 2025,<sup>1</sup> the Maryland Space Business Roundtable (MSBR), a nonprofit organization under 501(c)(3) of the Internal Revenue Code, will host a rooftop reception at the Rocket Lab, 700 Pennsylvania Ave., SE, Washington, DC, from 4:00 p.m. to 7:00 p.m.

Approximately 75 people have been invited to attend. Attendees will have a diversity of views or interests and will include representatives from the legislative branch, state and local government officials, representatives from industry, employees of Federal agencies, and members of the public. The estimated cost of the event, including all food and beverages, is \$20 per person. MSBR is in control of the organizing, planning, and invitations for this event. Attendance at this event will allow NASA attendees to exchange information regarding various NASA programs. I find that the event meets the requirements of a “widely attended gathering” as defined in 5 C.F.R. § 2635.204(g)(2).

I further determine that there is an Agency interest in having NASA personnel attend the event because it will provide an opportunity for the invited persons to exchange ideas and views pertaining to NASA’s policies, programs and operations. NASA employees who do not have a significant role in a matter affecting the interests of the sponsor may accept an invitation for free attendance to the event. In those circumstances, I find that the Agency’s interest in attendance outweighs any concern that the individual may be, or may appear to be, improperly influenced in the performance of their duties.

However, NASA employees who have a significant role in any pending matter affecting the interests of the MSBR, such as procurement duties, program management, or negotiating or administering a Space Act Agreement, should seek a separate determination from their local ethics counselor as to whether they may accept the invitation.

MSBR may also host a 50/50 raffle to raise funds for MSBR’s STEM grants. NASA attendees are reminded that participation in the fundraising activity is strictly personal and voluntary.

Kathleen T. Spear
