

OFFICE OF SMALL BUSINESS PROGRAMS at NASA Information Technology Procurement Office

NASA's Information Technology Procurement Office (ITPO) is based at NASA's Goddard Space Flight Center in Greenbelt, MD, with staff located at various NASA centers across the U.S. The ITPO works closely with small businesses through its Office of Small Business Programs (OSBP) to provide small enterprises with opportunities to participate in NASA Information Technology (IT) contracts. ITPO OSBP offers resources, training, and support to help these businesses navigate the procurement process and contribute innovative IT solutions to NASA's mission objectives. This collaboration allows small businesses to play a crucial role in supporting NASA's mission, enhancing efficiency and innovation, while also fostering economic growth and job creation within the small business community.

NASA Headquarters (Washington, DC 20546)

CENTER MISSION

The NASA Headquarters Information Technology (IT) Procurement Office has Agency-wide responsibility for providing guidance and support to NASA Centers, geographically dispersed across the United States, Headquarters Mission Directorates, and Mission Support Offices in planning, conducting, and processing IT procurement actions above the Simplified Acquisition Threshold. The portfolio is comprised of three primary areas: Enterprise IT Contracts, Center IT Contracts, and the Solutions for Enterprise-Wide Procurement (SEWP) Program. The Enterprise IT Contracts cover End-User IT services, Cybersecurity, Communications, and Application services. The Center IT contracts cover a wide breadth of Center-unique IT services. SEWP is a Government-Wide Acquisition Contract (GWAC) consisting of over 140 pre-competed Prime Contract Holders that provide a variety of IT products and services to all federal agencies. The NASA IT Procurement Office works in close partnership with NASA's Office of Chief Information Officer in developing strategic approaches to acquiring and delivering NASA's IT needs.
