

OFFICE OF SMALL BUSINESS PROGRAMS at Langley Research Center

NASA's Langley Research Center (LaRC) in Hampton, VA, engages small businesses through its Office of Small Business Programs (OSBP). The LaRC OSBP is committed to providing small enterprises with significant opportunities to participate in NASA contracts and research projects. By offering resources, training, and support, the office helps small businesses navigate the procurement process and contribute their innovative solutions to NASA's missions. This engagement ensures that cutting-edge technologies and fresh perspectives from small businesses play a vital role in advancing aerospace research, aeronautics, and space exploration. Through these efforts, the LaRC OSBP supports economic growth and job creation while enhancing NASA's mission capabilities.

Langley Research Center (Hampton, VA 23666)

CENTER MISSION

NASA Langley Research Center works to make revolutionary improvements to aviation, expand understanding of Earth's atmosphere, and develop technology for space exploration.

LaRC pioneers the future in space exploration, scientific discovery, and aeronautics through research and development of technology, scientific instruments and investigations, and exploration systems.
