## Series Description

This series consists of two sub-series: A folder of 26 Soviet articles published between 1988 – 1996 translated into English and eight media files pertaining to Soviet rocketry.

## General Notes

Because of alphabet differences, the spellings of proper names as translated often differ between English and Russian, (ex. Vasiliy vs. Vasily, Gregori vs. Gregory). The names listed in the keywords field are spelled as they appear in the original documents.
